

STATE OF MISSISSIPPI

Office of the Governor

PROCLAMATION

WHEREAS, an estimated 54 million Americans have osteoporosis or low bone mass, and studies suggest that approximately 1 in 2 women and up to 1 in 4 men age 50 and older will break a bone due to osteoporosis; and

WHEREAS, approximately 1.8 million Medicare beneficiaries suffered approximately 2.1 million osteoporotic fractures a year, and osteoporosis-related bone fractures are responsible for more hospitalizations than heart attacks, strokes, or breast cancer; and

WHEREAS, the total annual cost for osteoporotic fractures among Medicare beneficiaries was \$57 billion in 2018 and is expected to grow to over \$95 billion in 2040 without reforms, as the population ages; and

WHEREAS, in Mississippi over 16,000 Medicare beneficiaries suffered over 19,400 osteoporotic fractures in 2016; and

WHEREAS, an estimated 3,000 Mississippians on Medicare suffered not just an initial fracture, but also a subsequent fracture resulting in estimated costs of over \$62.3 million; and

WHEREAS, osteoporosis and the broken bones it can cause are not part of normal aging. Building strong bones begins in childhood and is essential to the prevention of osteoporosis. Care for our bones is important throughout our lives, but we reach our peak bone mass by early adulthood; and

WHEREAS, optimum bone health and prevention of osteoporosis can be maximized by a balanced diet rich in calcium and vitamin D, weight-bearing and muscle-strengthening exercise, and a healthy lifestyle with no smoking or excessive alcohol intake; and

WHEREAS, osteoporosis is often called a silent disease because one cannot feel bones weakening. Breaking a bone is often the first sign of osteoporosis. Timely bone health screening, diagnosis, and treatment can help prevent fractures leading to hospitalization and nursing home stays; and

WHEREAS, cost-effective post-fracture care, which improves care coordination, has been demonstrated to reduce the number of subsequent or repeat fractures, yet is not widely available or properly incentivized by Medicare; and

WHEREAS, it is crucial that we raise awareness about bone health and osteoporosis among the public, health professionals and policy makers.

NOW, THEREFORE, I, Tate Reeves, Governor of the State of Mississippi, do hereby proclaim the month of May 2025 as:

OSTEOPOROSIS AWARENESS AND PREVENTION MONTH

in the State of Mississippi and encourage observation of appropriate good health programs and activities with respect to promoting good bone health through the lifetime and preventing and controlling osteoporosis.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Mississippi to be affixed.

DONE in the City of Jackson, on the 3rd day of April, in the year of our Lord, two thousand and twenty-five, and of the Independence of the United States of America, the two hundred and forty-ninth.

TATE REEVES
GOVERNOR
